

ENJOY DIVING AND DINING WITH US!

Our Commitment to Your Safety and Health

Since the opening of USS Nemo Restaurant in 2000, the health and safety of our guests has always been our number one priority. We appreciate you dining at our local family-owned business and support throughout the years.

We are closely monitoring the COVID-19 situation and following the public health recommendations of the local and state health departments and the Centers for Disease Control and Prevention (CDC), along with other health organizations, to ensure the health and safety of our guests and employees.

USS Nemo Restaurant has always adhered to a strict cleaning policy along with food handling procedures. In an effort to provide a safe environment, we have strengthened our deep cleaning regiment more than before: during and after each service. As a precautionary measure, our team regularly and consistently disinfects common areas, menus, doors knobs, counters, etc.

For guests who would prefer to stay at home, remember that we can still prepare the same great dishes and have them ready for a quick pick up.

We hope this will put some of your concerns to rest while enjoying your meal with friends and family.

Thank you for your support and we hope you stay safe.

Sincerely,
The USS Nemo Restaurant Team
